

Renew the Garden State Preservation Trust

Legislators have waited too long! Call Governor Corzine, Senate President Codey, and Speaker Roberts now and ask them to hold a summer session to renew the Trust!

Summer Session Offers Last Chance!

The Legislature failed to act in time to allow voters to renew the Trust this November. Now, they must return for a summer session.

Call Governor Corzine, Senate President Codey, and Assembly Speaker Roberts and tell them to hold a summer session to vote on ACR 10 and SCR 136 and let the voters decide to renew the Trust this November. Stop playing politics with New Jersey's preservation funding!

Farmland Preservation

Urban Parks

Historic Trust

Since 1998, the Trust has preserved 432,000 acres of open space and hundreds of historic sites.

The Trust must be renewed in 2007 to continue to fund these vital programs.

Throughout N.J., 50 acres of open space are lost to development everyday!
