Directions to the Bear Mountain Trails Project Base Camp

From the NY State Thruway (I-87)/.

Take Exit 16, Harriman, Route 17. After the Toll Booths bear right, taking the WOODBURY OUTLETS BLVD / RT-32 ramp toward RT-17 S / HARRIMAN / CENTRAL VALLEY / US-6 E / BEAR MTN / WEST PT.

Turn LEFT onto NY-32 which becomes NY-17 South. Go through 3 traffic lights in 0.25 miles.

At the fourth light (after passing under an overpass) turn left onto a Ramp for US-6 East toward the Bear Mountain Bridge. Follow this for 3.5 miles.

At three miles, bear right staying on US-6 where Route 293 bears left.

0.5 miles after this intersection a Group Camp Service Road will leave to the right, just after the road crosses a lake on a causeway. This is the camp's Access Road. Drive through the gate. Our Camp is the second left off of the main road, right after the "ETA" mailbox, about 1 mile in.

From the Palisades Parkway.

Take Palisades north to exit 18 (left hand exit) for US-6 W toward RT-17/New York State Thruway/I-87

Follow traffic circle to Long Mountain Parkway/Route 6

Follow Route 6 for 3 miles to Upper Twin Lakes Camp access road on Left.

If you pass over the bridge heading towards the 293 junction you have gone too far.
