

Trail Conference Conservation Corps Trail Crew Member

PROGRAM OVERVIEW

The Trail Conference Conservation Corps (TCCC) provides opportunities for outdoor enthusiasts to become leaders in environmental conservation. Industry experts train our AmeriCorps crews in sustainable trail building, invasive species management, public outreach, volunteer engagement, and outdoor leadership to provide vital resources to the parks you enjoy. Corps Members will receive a living stipend for their service and are eligible for education awards through our partnership with AmeriCorps.

POSITION SUMMARY

TCCC Trail Crews build and repair primitive trails to provide the public with safe, sustainable, and enjoyable access to nature. Projects typically entail soil excavation, quarrying and moving large rocks, and other manual labor to produce quality results that minimize long-term environmental impact. Each year, hundreds of thousands of users enjoy the trails our crews have built and restored. Members of the TCCC Trail Program will serve on crews of four to eight, building and renovating primitive trails alongside dynamic community volunteers. Projects typically entail intensive labor and site modification (soil excavation, quarrying and moving large rocks) to produce quality trails that minimize long-term environmental impact while providing safe and enjoyable access to the recreating public. Thousands of hikers enjoy the trails our TCCC members have built and restored.
